## NSATIONAL CHARGES AS TO JURORS' CONDUCT

### ey for Charles W. Morse Endeavoring to Secure New Trial for Wealthy Man.

YORK, Nov. 23.—Sensational of misconduct against the juconvicted Charles W. Morse ade by Attorney Martin W. when he appeared before the Court of Appeals yesterday to a new trial for his wealthy

is now under sentence of fifin Federal prison for illegal practice. Mr. Littleton is of securing a new trial, but he will push his appeal to States Supreme Court.

Littleton makes several amazgs, and declares he has proof ape of affidavits of everything

Sunday and holidays, he dehey all went about together liberally, going to Coney Isan automobile, to Staten Isto Van Cortland Park and to various hotels, and treating each other to beer and whiskey, wherever they went. Both jurors and guards admit these trips, the attorney says.

In addition to this state of affairs, Mr. Littleton asserts that the guards who attended the jurors were openly prejudiced against Morse and didn't hesitate to tell the jurors how they felt. The head attendant, in fact, Morse's attorney says, remarked: "I hope they send that fellow to jail, and I'd like to have the job of taking him there."

"I am basing my appeal on the fact that the law says a defendant in any sort of a suit must have the clear, unprejudiced and unclouded judgment of twelve of his peers," Mr. Littleton said.

**Condition Is New Record.**

"I think I can prove beyond doubt that Mr. Morse didn't have the unclouded judgment of these jurors—at least some of them. I have an affidavit from a juror admitting that a few hours before he voted 'guilty' he was under the attendance of a doctor noted as a specialist in alcoholic cases. And the Federal prosecutors knew this, too.

"I never heard of such a condition among jurors and their attendants. And these men, drinking whiskey constantly, were to pass upon evidence so complicated and involved that the court itself admitted it was very hard to understand."

Mr. Littleton said that ever since the trial of Morse, which concluded in November, 1908, various persons told him of unusual goings on between the jurors and their attendants. He put these statements down as the imaginings of cranks, he said, until recently, when Morse's sentence of fifteen years' imprisonment was affirmed. Then he investigated, and, he said, was amazed to find that the conditions described to him were altogether true.

## e White Men of Posse Shot by Drunken Negroes

, S. C., Nov. 30.—Following of intense excitement with that of serious proportions as a result of the wholeding of a deputy sheriff's drunken negroes in the eastof the city late Saturday prevails here tonight and believe they have the well in hand.

egroes who did the shooting escape and this probably for the fact that further disare not recorded yesterday. Saturday afternoon one of the charged with the shooting ested and lodged in jail. Three whom warrants were isnot been apprehended. ing repeated efforts on the Deputy Sheriff A. F. Small to p to the noisy revelry at a "frolic" Saturday night he, small party of citizens, started house occupied by the negroes, the latter opened fire with shotounding nine members of the force, including the deputy who received wounds in each

shots wounded were, W. A. two loads of shot in chest and Ford Harris, shot in legs; Herbert Brandon, shot in face and body; H. L. Timmons, shot in legs; Rudolph Lowe, both legs peppered with shot; Earl Bolling, shot in body; Albert Wright, body peppered with shot; Grady Reynolds, shot in head and body.

One negro was found in the house seriously wounded. It is said that he was within range of his companions' shots when the attack was made upon the officers.

Sheriff G. G. Long was summoned and immediately went to the scene with a posse armed with repeating rifles. The negroes had fled, however, and the sheriff and his men directed their attention to a systematic search of the negro section for the guilty ones, but without result. A large quantity of whiskey was found in the house occupied by the negroes. Later the wounded negro was found by the officers near the house, where they had crawled after his companions.

Dye is the most seriously wounded of those shot, but it is not thought his wounds will prove fatal. Eighty-three shots were removed from his body.

A little want ad. will accomplish big results.

## DAVID DE ARMOND BURNED TO DEATH

**WAS ONE OF NATION'S DISTINGUISHED STATESMEN.**

**Grandson Also Perishes in a Fire Which Destroyed Home of the Law-Maker—Wife Escaped.**

KANSAS CITY, Mo., Nov. 23.—Representative David A. DeArmond, one of the oldest and most prominent Democratic members of Congress, and his grandson, Waddie, aged 6, were burned to death in a fire that destroyed the DeArmond home at Butler, Mo., early today.

Other members of the family escaped, and it is believed none of them were hurt. Neither the body of Congressman DeArmond nor that of the grandson is yet recovered. It is believed they were incinerated. Bones believed to be those of the Congressman were found by sarchers this morning.

Other occupants in the house who escaped were Mrs. DeArmond and their son and daughter.

### THE MARION COUNTY FAIR.

**Will Be Held at Ocala November 24, 25 and 26.**

OCALA, Nov. 23.—Everything is now in readiness at the fair grounds and large shipments of exhibits are arriving daily. Secretary Williams has returned from a tour through the country in search of exhibits and reports an unusually successful trip.

All indications point to a most successful display of products from Marion's fertile soil. The amusement program is unusually attractive and will be a feature of the big event.

The racing feature will be of special interest to everyone in the State. More than 1,000 loads of the best top dressing were used in repairing the track, after which it was soaked down and then rolled.

The management have worked diligently for the past three months and have spent considerable money in making the forthcoming event, which will eclipse any similar event ever held in Florida.

As an object lesson of what Florida soil can do when intelligently cultivated, the fair will be something that will amply repay any farmer to see.

### LOCHLOOSA NOTES.

LOCHLOOSA, Nov. 23.—A. C. Hayman is now busily engaged in putting up his orange crop. He will have several hundred boxes. The oranges have begun to move from here in carload lots now.

Col. Thomas has moved into town and is occupying the Magnolia House, which will soon be open for business. We are all glad to welcome Mr. Thomas to our town.

The school rendered a most interesting program Friday afternoon. Many speeches were said, and the program was closed with a most interesting debate. The question was, "Resolved, That Women Can Do More Intellectually and Physically Than Men." The judges decided in favor of the negative.

D. Posey made a business trip to Island Grove last week.

Quite a few improvements have been made on Chestnut street and Live Oak avenue recently, which adds very much to the beauty of our town.

A. C. Hayman attended court in Gainesville last week.

W. P. Tompkins made a business trip to Island Grove last week.

M. A. Musselwhite returned Wednesday from Jacksonville, where he has been spending some time with friends.

Miss Emma McEwen left Sunday for Ocala. She expects to take in the fair.

Miss Zelma Cason and P. D. Moore of Island Grove were over to canegrinding last week, also many others of the Island Grove younk folks.

J. W. Metzger made a business trip to Hawthorn Friday.

J. R. Tompkins made a business trip over in Marion county last week.

Mrs. W. R. Abstein of Micanopy is here spending some time with her parents, Mr. and Mrs. F. M. Coleman.

Last year up to this time there had been over 1,000 crates of beans and cucumbers shipped from this point, but this year, up to November 23rd, there has not been shipped 50 crates, owing to the dry weather in the early fall. The lettuce crop is also a failure; there will not be 100 crates shipped from here altogether—it is going to seed.

R. O. McEwen of Zubar spent last Sunday here with his mother.

There was a "sing" at J. D. Caldwell's Sunday night, where nearly all the young folks gathered to participate in the singing. All sang till a late hour, when we departed for our homes.

The young folks were most royally entertained at the home of Mr. and Mrs. W. P. Tompkins Friday evening from 7 to 10:30. Their lovely home was decorated with potted ferns and flowers of different kinds. Most of the time was spent in playing games. Delightful refreshments were served in the hall throughout the evening, and everyone had a good time, and left hoping to spend another evening so pleasantly again soon.

Among the latest visitors from the North is J. M. Bounds of Jamestown, N. Y. He has spent the last few winters here and likes Florida so well that he is making preparations this time to move here. Mr. Bounds owns a nice orange grove here upon which he expects to build. We will all royally welcome him as a citizen of our thriving little town.

The water in Lochloosa lake is rapidly decreasing on account of the draught and if the water gets much lower it will almost be impossible to go through the creek that joins Lochloosa and Orange lakes with launches, and that would cut a big figure, too, because there are lots of truck and oranges hauled over from there and shipped from Lochloosa.

## ENTOMBED MEN FOUGHT TO PROTECT THE SICK

### Story of Desperate Fight Waged in Depths of Mine Told by Rescued Party.

CHERRY, Ill., November 23.—The story of a desperate fight waged in the depths of the mine by one faction of the twenty-one entombed miners against another was told here yesterday by Ine Antoniese, one of the rescued party.

According to Antoniese's account the saving of the sick men was accomplished only after one group, headed by a brawny miner, whose name all refuse to divulge, had been overpowered by the other. The defeated faction apparently adopted as its motto: "might makes right," while the second was bound together by the principle that the strong should protect the weak. Bitter personalities were exchanged, blows were struck, and finally knives were drawn.

Antoniese's story is confirmed in part by W. H. Cleland and Walter Waite, two of the leaders of the rescued men. Both refused to tell the name of the leader of the other faction or the number of men composing it.

The men quarreled over the water. There were three sick men, Franco Zannarani, Daniel Walowczak and George Eddy. A group, headed by Cleland and Waite, insisted that the sick men should have the first call upon the small supply of water that seeped into the shallow pits dug in the veins of coal.

At least one other man, physically stronger than his fellows, tried to take the water from the sick. His plea was "let the sick men die. Nothing but a miracle can save us, anyway. Why should we sacrifice our own lives, who have a fighting chance, by giving our precious water to those who are doomed?"

For the first three days there was trouble over the division of the scant supply of water, and finally blows were struck, according to Antoniese.

"We found," continued Antoniese, "someone was pushing Walowczak, the weakest of our party, away from the water and stealing it. He was too weak to resist, and at first did not tell anyone of his loss.

"After he told us, a secret guard was established over him, and we soon found the man who was stealing the water. We gave him a bad beating and he resisted, finally drawing a knife and began slashing about him. Then we felled him with an ax handle, and dragged him into a corner. After that we had no trouble, but still maintained a guard over the sick men.

"After six days the rebellion died out. The suffering and imminence of death brought us all together. The men who fought made their peace with each other, and we became a united band, determined to stick together until death ended our tortures or we were saved."

## Two Killed, Four Injured, At An Alabama Dance

POINT CLEAR, Ala., Nov. 23.—Because the daughter of Simon Nelson refused to dance with Wesley McKenzie at a social affair being given in her own home at Barnewall, 10 miles southeast of Point Clear, in the lower section of Baldwin county, a bloody duel followed. Two men are dead, four are injured and four are under arrest on the charge of murder.

The dead are: Bert Pierce, beaten to death and head crushed; Mack McKenzie, shot in the left side, and bullet ranging upward and entering the heart.

The wounded are: John Farley, two brothers of the dead Pierce boy and one of the McKenzie brothers.

It is said that on Saturday night a dance was being given at the home of Simon Nelson at Barnewall, at which about thirty persons were present. According to the story told by officers investigating the case, Wesley McKenzie approached Miss Nelson and asked her to dance with him. She is said to have refused on the ground that he was drinking, and he then began cursing in her presence. A general fight followed with the above result.

# ENDURANCE CARS MADE GOOD TIME

CONFETTI CAR ARRIVED HERE BEFORE TIME EXPECTED.

Warm Welcome Awaited Cars Following, Which Came at Regular Intervals—Two Cars Were Lost.

The arrival of the official automobile, or the confetti car, in the Tampa to Tampa, via Jacksonville, endurance run, which rolled into the checking line in this city on its upward trip at 3:30 o'clock Tuesday afternoon, was a signal that there were eighteen more machines to follow in this great endurance race, and the machine had no sooner stopped than it was surrounded by an enthusiastic crowd who had been watching for the first car for half an hour. It may be said that excellent time was made, as the confetti, or advance car, reached Gainesville a half hour before it was expected, and from that time on the checking station, of which the Gainesville Garage and Machine Company had charge, was busy checking in the various machines.

The confetti car contained L. D. Reagin, representing The Tampa Times, B. Marion Reed, official pilot, and W. P. Henderson, of the Tampa Harness and Wagon Company, all enthusiasts in the question of good highways. This car made the running time from Tampa in nine hours and twenty minutes.

**Roads Are Good.**

In speaking of the condition of the roads, Mr. Reagin stated that they are in fairly good condition, considering the time in which those interested at various points along the route had to get them ready. From Tampa to Plant City there is a fine paved road; from Plant City to Dade City there is some pavement, but a great deal of straw, but this straw has been apparently carefully selected and laid, with the result that the roadway is good. From Dade City a Brooksville and Inverness the road is fairly good. There is no hard road between Brooksville and Inverness, but the highway has been well provided with pine straw, which made an excellent roadway, flexible and easy. Between Inverness and Dunnellon the road is paved, but there are some new stretches recently "worked over" which are exceptionally smooth and fine. From Dunnellon to Ocala, paved, but in poor condition. From Ocala to Gainesville the road is very good, especially for a few miles out of Ocala, which is one of the finest stretches for about eight miles in the country, hard, smooth and reliable. There are several short gaps between Ocala and Gainesville, but these are well provided with straw, which makes the running comparatively easy. From Wacahoota to Gainesville, in Alachua county, is especially good.

**Entertained at White House.**

Members of the party made their headquarters at the White House, where they were royally entertained for dinner, lodging and breakfast. The dinner was especially prepared for the occasion, an elaborate menu being prepared, which was as follows:

**Menu.**

Sweet Essence of Chicken
Broiled Speckled Perch
Julienne Potatoes
New Lettuce Queen Olives
Kalamazoo Celery
Sweet Mixed Pickles
Breaded Veal Cutlets a la Espagnole
Virginia Corn Pone
Roast Loin of Beef au Jus
Peach a la Conde
Stuffed Young Turkey
Cranberry Sauce
Imperial Punch
Asparagus Tips on Toast
Steamed Rice English Peas
Mashed Potatoes
Chicken Salad
Ambrosia
Nabisco Wafers Layer Cake
Chocolate Ice Cream
Mixed Nuts California Raisins
Florida Grape Fruit
Tea Coffee
Iced Jersey Milk

Several members of the Gainesville Automobile Association, as well as a number of prominent citizens, were present, and an hour was spent in enjoying the feast of the occasion, during which those present had the pleasure of hearing an eloquent talk by Judge Syd L. Carter, one of the most eloquent orators in the State. Judge Carter welcomed the visitors to the city in that good, hospitable manner which was bound to make everybody feel at home.

The party expects to leave at 7 o'clock this morning for the second lap, which will be in Jacksonville.

**Time of Arrival.**

Following is a list of the machines and the time of arrival in Gainesville:

No. 8—Official car, occupied by President T. Ed Bryan of the Tampa Auto Club, with Burrill Farnsworth as driver, and Chief Observer Frank Bruen, 5:18.

No. 11—Premier Baby Tonneau, occupied by Dr. J. S. Helms, official physician, and driver, 5:19.

No. 17—Buick runabout, owned by Joe B. Johnson, 5:57.

No. 1—Maxwell runabout, Ambrose Davis, 7:45.

Cars 10 and 15 had not arrived at a late hour last night.

Car No. 7, an American Traveler runabout but of a powerful type, representing more a racing machine, owned and driven by George Prestman of St. Petersburg, was to have led the pace, but was ruled out on account of the tread, being only fifty-six inch tread, against a standard of sixty. This car was scheduled to leave Tampa at 6:15 o'clock Tuesday morning, but steamed out earlier, and arrived in Gainesville at 12:50, bearing Mr. Prestman and Mr. Haddock. After a few moments' stop for lunch the car proceeded to Jacksonville, being in fine condition from the long run. Messrs. Prestman and Haddock are running independently, hence did not confine their machine to the official route, leaving this route at Micanopy and coming via Rochelle.

# STETSON ADMIRERS ARE COMING STRONG

SPECIAL TRAIN WILL BRING 200 TO FOOTBALL GAME HERE.

Great Interest Being Manifested, and People Should Turn Out to Game Largely.

Lovers of the international football game, the greatest of games of the present century throughout the world, may look for something of an unusually exciting nature on Thanksgiving afternoon, when the strong teams of the University of Florida and Stetson University will compete for the championship on the local gridiron, at the Oak Hall baseball park.

Both the Florida and Stetson teams are in the pink of condition, and both are anticipating victory, with the result that there is going to be some fine work on both sides.

Stetson is conceded to be one of the strongest teams in the South, while there is nothing particularly the matter with Florida, the latter team having swept on to victory in the majority of games played this year. The team easily defeated the strong Olympics of Jacksonville last week, and will give Stetson probably more than that eleven is looking for.

DeLand will bring a big crowd, having chartered a special train for this occasion. In a letter to The Sun, Fred Botts, assistant coach of the Stetson team, tells the whole story, which should be sufficient to cause friends of the University team and citizens generally to "sit up and take notice." Mr. Botts says:

"I have arranged for a special train from DeLand to Gainesville and return on Thanksgiving Day, on which date Stetson and the University of Florida will meet to decide the football championship of the State. We expect to arrive about two hundred strong, and make things lively in Gainesville.

"There is great enthusiasm in DeLand over the magnificent team, and we will make the people of Gainesville 'look sharp,' or we will outroot them."

That shows the DeLand spirit, and it is up to our people to come out and not permit themselves to be "outrooted" on their own ground.

# COUNCIL HAD INTERESTING MEET

FOR CONSIDERATION BUT IMPORTANT.

Board of Public Works Audited by Expert—Minors Buy No More Cigarettes.

City Council met in adjourned Monday evening, there being Alderman Broome, president; Burnett, Goodwin, Colves, Phifer and Pound, and as well as a number of who were interested in the in either one way or

communication was received from W. Hampton, secretary of the Public Works, which said since that, owing to some criticiregarding the condition of the accounts, the incompleteness reports, etc., as regards exin the various funds, an tion under the direction of or was desired and requested.

This communication was upon motion received, and caused some discussion among members of the council, all of which tended to show a desire to employ an expert auditor, but the question in a way as to who should be empowered to employ this auditor. No one of the council doubted the honesty and sincerity of the members comprising the Board of Public Works, but the desire seemed to be to secure a correct accounting of the expenditures and condition of the various funds, which it was claimed had never been secured.

Alderman Burnett moved that the committee formerly appointed for the purpose be instructed to employ an auditor for the checking up of these accounts, and in a very forceful talk in support of his motion, recited points as stated above, where the reports of various former auditors availed nothing, but "lumped" the balance or cash on hand, without charging or crediting any specific fund with that amount which should belong to it.

Alderman Pound offered a substitute to the motion that the Mayor, chairman of the Finance Committee, and chairman of the Ordinance Committee, be empowered to employ an auditor for the purpose of correctly checking up the accounts. Alderman Goodwin offered an amendment to this substitute to the effect that this auditor be employed from some regular auditing company, which amendment was accepted, when the substitute was adopted and carried.

**Want the Street Fixed.**

Messrs. Eddins and Pedrick, residents of West Main street S., which street has been in a deplorable condition for the past few years, owing to the indisposition of the Atlantic Coast Line Railroad Company, the tracks of which traverse this thoroughfare, appeared before the council in reference to the condition of this street. Mr. Eddins told the council the same old story of the impassable condition of the street, of the extreme and unreasonable elevation of the railroad track, and the deep gulleys and other depressions which had been caused by the water rushing from the bed of the track down either side, making it impossible for a team to use the street at all.

It was evident that Messrs. Eddins and Pedrick had the sympathy of those present, as it must be admitted this thoroughfare has been in a disgraceful condition for a long time, notwithstanding that the city has exercised every effort to compel the Atlantic Coast Line to make the necessary repairs, or to lower the bed of the track in order that the street might be properly repaired.

As a temporary relief, the Street Committee was instructed to level up the street as far as possible, and in the meantime the city attorney will confer wih the proper authorities with a view of compelling the railroad to lower the track and put the street in a passable condition.

**Wants Nuisances Abated.**

Alderman Colclough called the attention of the council to the unsanitary condition of certain lots and streets in the city, as well as the rear of certain places, which have been used as dumping grounds for slops, fish entrails, and other filth. He grew earnest in condemning the action of those who insisted on violating the sanitary law, and concluded his argument with a motion that the Sanitary Committee be instructed to suppress all his filth, as well as see that all surface yard privies be abolished, where sewer connections have been made. This motion created some opposition as regards the latter, but it was put to vote and carried, only two aldermen, one of whom stated his reason for voting against it, on acount of "the servants in the house."

Upon motion of Alderman Graves, the Mayor was instructed to have obstructions on Seventh street, North Gainesville, removed, after which the council adjourned.

# ONE MILLION DOLLARS FOR A GOOD STOMACH

**This Offer Should Be a Warning to Every Man and Woman.**

The newspapers and medical journals have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach.

This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable. His misfortune should serve as a warning to others. Everyone who sufferers with dyspepsia for a few years will give everything he owns for a stomach.

Dyspepsia is caused by an abnormal state of the gastric juices. There is one element missing—Pepsin. The absence of this destroys the function of the gastric fluids. They lose their power to digest food.

We are now able to supply the pepsin in a form almost identical to that naturally created by the system when in normal health, so that it restores to the gastric juices their digestive power, and thus make the stomach strong and well.

We want everyone troubled with indigestion and dyspepsia to come to our store and obtain a box of Rexall Dyspepsia Tablets. They contain Bismuth-Subnitrate and Pepsin prepared by a process which develops their greatest power to overcome digestive disturbance.

Rexall Dyspepsia Tablets are very pleasant to take. They soothe the irritable, weak stomach, strengthen and invigorate the digestive organs, relieve nausea and indigestion, promote nutrition and bring about a feeling of comfort.

If you give Rexall Dyspepsia Tablets a reasonable trial we will return your money if you are not satisfied with the result. Three sizes, 25 cents, 50 cents and $1.00. Remember you can obtain Rexall Remedies in Gainesville only at our store—The Rexall Store. J. W. McCollum & Co., corner East Main and Union streets.

## THE REVIVAL SERVICES.

**Large Crowds Continue to Hear Dr. Christian's Earnest Sermons.**

The congregations are increasing and the interest deepening at every service.

Yesterday morning Dr. Christian preached a most forceful sermon, taking for his text, "Whosoever Shall Keep the Whole Law and Offend in One Point, He Is Guilty of the Whole." He made it as clear as the white light that there was one law giver and one law, and if we continue right with God this law must be kept as an unbroken chain.

In the evening, on the "Hydrophodia of Sin," he held up before the congregation that soul destroying monster, sin, in all its hideousness until one could almost see the deadly poison issuing forth.

After drawing this fearful picture, the preacher pointed to the one great remedy in the person of the World's Redeemer. It occurred to this writer that this one sermon was enough to make everyone in Gainesville resolve to turn from sin and enlist under the leadership of the Lord Jesus Christ.

Services every day at 9:30 a. m. and 7 p. m., to which everybody is invited.

## A JOYFUL PASTIME.

**It's Really a Pleasure to Cure Catarrh by Breathing Hyomei.**

It isn't a pleasure to saturate your stomach with vile nostrums or to shock the tender membrane of the nose and throat with disagreeable sprays and douches.

But strange to say there are a few thousand people who do not keep abreast of the times who are hoping against hope that these ancient methods will rid them of catarrh.

If the readers of The Sun who suffer from catarrh want to banish this vile and disgusting disease forever go to J. W. McCollum & Co. today and get a complete Hyomei (pronounced High-o-me) outfit for $1.00.

If it doesn't cure it won't cost you a cent because they will give you your money back.

Hyomei is so simple and pleasant to use; pour a few drops from the bottle into the inhaler and breathe it in. As it passes over the membrane and into the lungs with the air you breathe it soothes the raw membrane and kills the catarrh germs. Don't experiment longer. Leading druggists everywhere sell Hyomei for catarrh, coughs, colds, bronchitis, etc. Drop a postal for our free book, Booth's Famous People, Booth's Hyomei Co., Buffalo, N. Y.

## NOTICE TO ADVERTISERS.

The Sun cannot guarantee the insertion of advertisements in the Sunday issue unless the copy is handed in early Friday morning. This also applies to changes in advertisements already running in the paper.

That powder trust hearing hasn't yet developed anything of an explosive nature.

Now it is shoes that are going to cost more. The consumer is always putting his foot in it.

To the Pennsylvania belongs the honor of the greatest railroad achievement in the past decade.

Anybody looking for high-priced talent? Receiverships are terminating frequently nowadays.

While a complete list of football fatalities will not be made up until after Thanksgiving, the death list up to date makes it clear that if the game is to retain its hold on popular favor radical revision of its rules must be made. A commission composed of army and navy officers might be appointed to adopt rules which would be accepted as a model by the universities of the country.

Ex-President Roosevelt made a vain effort through consultation with college presidents and football highbrows to ameliorate or humanize the game. It was after his effort that his son, who has just entered Harvard, had his nose broken. In the last few days four promising young men have met their death through this brutal game. College presidents are preaching against it, but such is the intensity of the craze that it is doubtful if the terrible recent examples will be potent for more than a temporary check of deadly football.

The inauguration of the President of the United States occurs but once in four years, and the wet and snowy blizzards of March fourth last and the proverbial bad weather of that date has aroused a sentiment for changing the date to the 30th of April, the date on which President Washington was inaugurated. With improvements in means and cheapness of travel, with enlarged accommodations in Washington, the number of visitors will greatly increase, and it has become a question not only of public convenience but of public health that a more salubrious date shall be selected for this national event.

The Lakeland News says that both Frank Clark and the public have always greatly over-estimated that Congressman's ability. Clark has now been prominently before the public for the last 25 years and if the public has not been able in that time to properly take his measurement it would better go out of the business of measuring politicians of his kind. It is very probable that after the next primary several politicians will find that they did not put a proper measurement upon him. Wait and see. As to Clark's own estimate of himself he is either pretty tall or holds a long pole, for he generally brings down the persimmon.—Leesburg Commercial.

## HEROES OF PEACE.

Most people are greatly affected by the spectacular, and because of this and the glamor and excitement of war the deeds of naval and military heroes will always appeal to people with unusual force. But let it not be forgotten that there are heroes of peace, many of them, and that their deeds are just as noble and just as self-sacrificing as those of men who on the field of battle form a forlorn hope or rush with unswerving courage into the jaws of death.

Heroes of peace are found in every walk of life and in every situation. In mine and workshop, in field and forest, they are always to be found in every time of need to risk or even lose their lives in the attempt to save their fellow creatures from danger and death. Not a week passes but the pulse beats quicker and faith in humanity is strengthened because of heroic deeds done not to destroy life, but to save it. At one time it is the story of one who burns slowly to death as he remains steadfastly at the helm of the burning ship that the living freight may escape in safety. At another the record is that of some locomotive engineer who, with equal fidelity to duty, stands to his post when disaster is certain, and dies that others may live.

And today people talk of a terrible mining catastrophe and of hundreds meeting death far down in the lower workings. And mingled with sentiments of deepest pity is the glow of pride as they read of the rescuing party going down into the inferno of smoke and fire and deadly gas to rescue their fellows. They go down once too often, and are brought to the surface blackened and disfigured corpses. They sealed their devotion to duty and humanity by their lives.

Such instances show how much goodness, compassion, self-denial and self-sacrifice exists on this earth. It is well to remember this whenever we think that the world is given over to selfishness and an eternally listening to the ring of the dollar.

## A STRONG POINT.

A strong point, effectively brought out by Prof. Geo. M. Lynch, of the State University, in an address at an educational rally in Live Oak recently, says The Tampa Times, is the following, which ought to induce some very serious thinking on the part of taxpayers and those who appoint the teachers in our public schools:

"Under our system now in operation, incompetent, inexperienced, irresponsible boys and girls, with no higher motive than to earn a few dollars, are vested with the sacred responsibility and power of training the youth. We need better teachers in our country schools, men and women of culture, refinement and intelligence; earnest, conscientious and quick in the discharge of duty. When we secure these teachers we should pay them decent salaries and protect them from the personal whims and will-o'-the-wisp ideas of the human variables the accident of ballots sometimes places in charge of our country schools."

There appears to be no doubt that this administration will be as severe with reference to sugar trust and other custom house frauds as was the administration of President Roosevelt in the postoffice fraud cases that sent a number of high officials to the penitentiary. President Taft, the Secretary of the Treasury and the Attorney-General are determined to prosecute untiringly the criminals connected with the sugar trust, whether they be high or low, and no matter how much they may have contributed to Republican campaign funds.

Through experiments with Eusapia Pallidino, the famous Italian medium, who is now in New York, attention will once more be directed to what has been called "spiritualism." This may not be a correct name or a scientific name. It may not be the name by which it will be finally known. Spiritualism was a name given it fifty years ago in an era and area less critical and more credulous than can be found today; but by whatever name it may be called, the fact remains that there is a positive force and an apparent intelligence that transcends the known or normal. At a seance held in New York under rigid and unsympathetic scrutiny, a tabe was seen to rise entirely from the floor. Either the spectators were hypnotized, as was also the camera which took an instantaneous picture, or else there was levitation independent of normal, mechanical or physical means. But this phenomenon is not new or even rare. Thousands and tens of thousands are familiar with it. It has occurred in family circles independent of mediumistic assistance, and thousands more may, with a little trouble and patience, produce the same results in the family circle where the bonafides of those present will eliminate the suspicion of trickery. How is it done? Who knows? Spirits? Maybe so. Undiscovered human agency? Perhaps. Supernormal? Doubtless. Eliminate the scores of vulgar professional mediums, trickery fortune tellers who subsist on human credulity and human sorrow. The presence of a force unknown to science, and a supernormal intelligence cannot be denied—is not denied except by scientific dogmatists.

# NEWS FROM ALL PARTS OF FLORIDA

The Seaboard is going to erect a phosphate storage bin at Fernandina with a capacity of 37,000 tons.

A revival meeting will commence in the Grace Methodist church at Lawtey on Thanksgiving Day, and will continue for several days.

A watermelon that weighed 45 pounds has been sent to The Valley Gazette exhibit in Kissimmee. It was raised by R. H. Hill at Narcosse.

Hunting at Titusville is said to be fine. Daily hunters return with big bags of duck, quail and squirrel, while some bring back deer and wild turkey.

Criminal court for Dade county is now in session, with Judge Atkinson on the bench. Several cases of little importance have already been disposed of.

Mayor S. A. Wood of DeLand is asking for special rates on all the roads for the teachers' convention, which meets in that city during the holidays.

At a recent meeting of the Miami Gun Club the club was reorganized and new rules and regulations were adopted. W. I. Huffstetter was elected president.

E. B. Douglas of Miami won a beautiful silver trophy eighteen inches in height for being the first in his class of car to complete the New York to Atlanta road race.

Some fine streets are now being built in Kissimmee. The marling of Main and Broadway streets is nearly completed and the work has been done in a very thorough manner.

W. H. Blickers of Louisville, and other parties having interests in the Jacksonville race track, are looking around at property near Pensacola, according to The Journal, with a view of establishing another track near that city.

The first strawberries of the season were seen on the streets of Lakeland last Saturday, being taken to that city by J. E. Bryant, a well-known trucker of Socrum. He had twenty-four quarts and readily sold them for 40 cents a quart.

The regular meeting of the Friendship Chapter No. 6, Order of Eastern Star, was held in the Masonic hall in Kissimmee one day last week. Dr. Sylvia D. Bruce of Tampa, the grand matron of the order, was present and made a very interesting talk.

G. E. Takach of Kissimmee has donated a head of lettuce to The Valley Gazette exhibit. The lettuce, it is said, will cover a space the size of a half-bushel measure and is perfectly headed, being worth, if placed on sale, at least twenty-five cents.

Theresa, a little town located on the line of the Georgia Southern and Florida railway, five miles southeast of Hampton, is growing rapidly. It now has a fine school, a church, postoffice, and express office, and is soon going to have an up-to-date hotel.

The new town government of Fort Meade is now in full working order, the town council has been fully organized, the town ordinances have been passed and have gone into effect and now Marshal and Tax Collector Simmons is busy collecting the occupational taxes.

The Miami Metropolis says that boxes containing beautiful cocoanut palms have been placed in the corridors of the county court house by Sheriff Dan Hardie. The palms are said to be very fine specimens, and will no doubt add very much to the general appearance of the interior of the court house.

Rumors of authoritative origin are current that the Atlantic Coast Line will soon begin building its contemplated line from Haines City to Frostproof and Avon Park, and eventually to Lake Okeechobee, where the drainage lands have lately been put on the market and have attracted many buyers.

# DO IT NOW

**Gainesville People Should Not Wait Until It Is Too Late.**

The appalling death-rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms give place to chronic disorder, and the sufferer goes gradually into the grasp of diabetes, dropsy, Bright's Disease, gravel or some other serious form of kidney compaint.

If you suffer from backache, head aches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they cure where others fail. Over one hundred thousand people have recommended them. Here's a case at home:

Mrs. A. H. Leonard, 304 E. Liberty street, Gainesville, Fla., says: "I feel that from personal experience and that of several of my friends who have used Doan's Kidney Pills, I can endorse them very highly. Any person suffering from backache, headaches, chills, nervousness or any of the other symptoms arising from disordered kidneys, will make no mistake in giving Doan's Kidney Pills a trial. They always act quickly, cause no inconvenience and live up to the claim made for them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## TO MARION COUNTY FAIR.

**Live Stock and Exhibits Sent to the Fair at Ocala Tuesday.**

A carload of stock from the Experimental Station, including Jerseys, Shorthorns and Grades, together with a large and handsome collection of exhibits, the prodution of students of the mechanical department of the University of Florida, will constitute part of the exhibit at the Marion County Fair, and this exhibit is destined to prove of great benefit and value to Gainesville and the State in general.

The consignment was sent to Ocala Tuesday, being in charge of C. K. McQuarrie of the Experimental Station, who will look after the same during the fair, answering all questions in relation to stock, etc.

**A Hair Breadth Escape.**

Do you know that every time you have a cough or cold and let it run on thinking it will just cure itself you are inviting pneumonia, consumption or some other pulmonary trouble? Don't risk it. Put your lungs back in perfect health and stop that cough with Ballard's Horehound Syrup. Price 25c, 50c and $1.00 per bottle. Sold by W. M. Johnson.

**Only a Squad Left.**

Owing to unavoidable conditions, the Gainesville Guards did not go to Jacksonville Carnival, as was published in The Sun Tuesday morning. It was intended to take the entire company, and all preparations had been made to go, but at the last hour conditions arose which would not permit of this plan.

A squad of ten was taken up by First Sergeant Layton, however, and this squad competed in the competitive drill last night.

## GAME WAS CALLED OFF.

**DeLand Girls Cancelled Game for Two Very Good Reasons.**

The people of Gainesville were looking for something out of the ordinary line of sport Thursday morning, as it was announced that the basket ball teams of DeLand and Gainesville would participate in a match game for the championship on that day.

But the manager of the Gainesville team received a telegram Tuesday morning to the effect that the game must be called off for two reasons. One was that the team would come on a special train with the Stetson football eleven and their friends, and there was no assurance as to the hour the train would arrive in Gainesville. The other reason was out of respect to a death in the family of one of the members of the home team.

The Gainesville team is in excellent practice, and naturally feel disappointed that there will be "nothing doing," but at the same time realize the situation, and are perfectly in sympathy with the last reason.

**Will Attend Wedding.**

Miss Eva Robertson of Jacksonville, Mrs. D. C. McIntosh and Marvin Scott, and Miss Willa Mae McIntosh of Hawthorn, have arrived in the city and will attend the wedding nuptials of Mr. Fulwood McIntosh and Miss Gertrude Robertson at the Methodist church today at high noon. Rev. W. J. Carpenter of Tampa, who will perform the ceremony, has also arrived from LaFayette county, where he has been on a visit to friends for the past few days.

**He Went Up.**

## DIVING FOR COINS.

**The Natives of Madeira Are Experts at the Business.**

As we drew in and came to anchor we saw descending upon us a fleet of small, curious boats filled with half naked men. We suspected now that Madeira was a cannibal island and prepared for the worst. It was not quite as bad as that. They merely wanted us to throw coins over into the liquid azure which they call water in this country, whereupon their divers would try to intercept the said coins somewhere between the top and bottom of the sea. We didn't believe they could do it, but we tried and, as usual, found that the other fellow knew his own game better than we did.

If those amphibians did not always get the coins they generally did. They could see them perfectly in that amazing water, and they could dive like seals. Some of the divers were mere children—poor, lean creatures who stood up in their boats and shouted and implored and swung their arms in a wild invitation to us to fling our money overboard. But they did not want small money—at least not very small money. They declined to dive for pennies. Perhaps they could only distinguish the gleam of the white metal. Let a nickel or a dime be tossed over and two or three were after it in a flash, while a vehement outbreak of Portuguese from all the rest entreated still further largess. It was really a good show, and, being the first of its kind, we enjoyed it.—Albert Bigelow Paine in Outing Magazine.

**Meaning of the Green Bough.**

The custom of placing a green bough on the roof of a newly built house is not confined to Germany, but was adopted by the French Canadians, who brought it with them from Brittany. The custom originated from the superstition prevalent centuries ago that every tree is inhabited by a spirit; consequently it was believed that every time a tree was felled another spirit was dispossessed, and this was supposed to cause some bitterness on his part against society. Rather than risk having these homeless and disgruntled spirits vent their ill feeling upon the houses under construction or upon the builders a branch was planted on the highest part of the house for their occupancy. They were then supposed to be mollified, and if they remained so until the roof was put on any evil design contemplated would prove harmless, for the spell would be broken.—Van Norden's Magazine.

ITCHING SEEMED TO BE INCURABLE

Terrible Red Patches on Face and Arms Made Victim Ashamed to be Seen—Suffered Intensely for Ten Months—Expert Treatment Gave No Relief—Two Sets of the

CUTICURA REMEDIES ENTIRELY CURED HER

"About two years ago I contracted eczema and suffered intensely for about ten months. At times I thought I would scratch myself to pieces. My face and arms were covered with large red patches, so that I was ashamed to go out. I was advised to go to a doctor who was a specialist in skin diseases, but I received very little relief. I tried every known remedy, with the same results. I thought I would never get better until a friend of mine told me to try the Cuticura Remedies. So I tried them as the last resource, and I am very glad that I did, for after four or five applications of Cuticura Ointment I was relieved of my unbearable itching. I used two sets of the Cuticura Remedies (Soap, Ointment and Pills), and I am completely cured. I always recommend Cuticura to any one that is suffering and in every case it seems to cure. Miss Barbara Kral, 629 Mt. Pleasant Ave., Highlandtown, Md., Jan. 9, '08."

**Navigators' Date Line.**

The international date line is an irregular line drawn arbitrarily on the map of the Pacific ocean near the one hundred and eightieth meridian of longitude, marking the place where navigators change their date on the transpacific voyage. This change is necessary on account of the lengthening of one hour for every fifteen degrees of travel westward. By traveling eastward a day will be gained, westward a day will be lost.—New York American.

### The Steady Man.

We'd like to write a little rhyme about the steady man, who keeps on plugging all the time and does the best he can; the man who early goes to work and doesn't get home late, who never tries to shirk in order to be great. There are some fellows who will try to do their business tricks and have a finger in the pie of city politics. They try to put on lots of style and play a heavy role, and in a little bit o' while you find them in a hole. I like the man of steady pace; his system I admire. He has no wild desire to place more irons in the fire!—Los Angeles Express.

### Love.

Love must be cultivated and can be increased by judicious culture, as wild fruits may double their bearing under the hand of a gardener, and love can dwindle and die out of neglect, as choice flower seeds planted in poor soil dwindle and grow single.—Harriet Beecher Stowe.

### He Saw Double.

Stymie (who has dallied too long at the clubhouse)—Hey, old man! What club wanter tee up two balls for? Green (ditto)—That's all right, old chap. Can't you see I'm driving with two clubs?—Puck.

**Colonial Holidays**

THE open fireplace, the crackling logs, the roasting chestnuts, the jingle of sleighbells, the snow-mantled guests!

The festive board—the spotless linen—the quaint, old china, the family silver brought from its hiding place! The pride in that silver!

And now—your family silver? Is it the "Colonial" made in the historic old town of Newburyport, Massachusetts? If so, you have equal pride in yours.

This splendid pattern in Sterling Silver reflects all the courtly grace and dignity with which your great-great-grandsire led the cotillion or dispensed the hospitalities of the feast.

Are you prepared for your Holiday carving? We propose a bird set in the "Colonial" for your own use, or as an acceptable gift. Made in a complete table service.

### AN ORDINANCE TO PROHIBIT THE SELLING OR GIVING TO MINORS OF CIGARETTES OR CIGARETTE MATERIAL.

Be it ordained by the City Council of the City of Gainesville:

Section 1. That it shall be unlawful for any corporation, company, firm or person to sell, barter, furnish or give away directly or indirectly, to any minor, any cigarette, cigarette wrapper, or any substitute therefor or to procure for, or persuade, advise counsel or compel any person under age to smoke any cigarette.

Section 2. It shall be the duty of any marshal or policeman to summons any minor who may have or have had in his possession any cigarette or cigarette material, before the Mayor, and compel him to testify as to where and from whom he obtained such cigarette or cigarette material.

Section 3. Any corporation, company, firm or person violating any provision of this ordinance shall, for the first offense, be fined not more than $25.00, or imprisoned not more than 30 days, and for the second or any subsequent offense shall be fined not more than $50, or imprisoned not more than sixty days.

Section 4. All ordinances or parts of ordinances in conflict with this ordinance be and the same are hereby repealed.

Section 5. This ordinance shall be published one time in newspaper published in the city.

Passed by the City Council of the City of Gainesville, this 22nd day of November, A. D. 1909.

G. K. BROOME,
President City Council.

Attest: J. M. DELL, City Clerk.

Approved by me this 23rd day of November, A. D. 1909.

### The Earwig.

There is no insect which has puzzled naturalists as to its proper classification more than the earwig. Some have asserted that it belongs to the beetles, of which it is an "aberrant type," others that it is connected with the grasshoppers. Even about its very name there has been endless discussion. Some have thought the name earwig is the result of the creature's supposed habit of getting into the ears, while others are equally certain that it is derived from the original name, which they say was earwing, from the fact that the wing when spread resembles the human ear. At all events, one thing is certain—the earwig as we know it now is a survival of an early type of which almost every other member has become extinct.

### Sick Headache.

# GAINESVILLE,

—THE—

# University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Carpenters, masons, plasterers, painters, printers, machinists and laboring men galore.
More miles of paved streets and granolithic sidewalks than any other town in the interior of the State.
An $85,000 court house built of brick and stone—a beautiful structure—and the lawns, flower beds, shrubbery, Confederate monument, etc., surrounding it, make it a most attractive picture.
